

06 February 2017

Dear Parent/Carer

We are arranging a Mathematics Trip to Paris from Saturday 7 to Wednesday 11 October 2017 that will allow pupils to extend their skills from the classroom. As a specialist subject area, we feel sure that the ability to participate in mathematical activities in the context of French culture and language will really benefit pupils in mathematics as well as in their new target language of French. The trip will be jointly run with Farnborough Academy so it is a fantastic opportunity for students to socialise with students from another school.

The trip will include a visit to La Villette City of Science, a sightseeing tour with maths related activities, a visit to the top of the Eiffel Tower, a day trip to Disneyland Paris and an evening excursion discovering the sights of Paris. Also included is a personalised maths trip hooded jumper. Transportation to and from Paris and full-board accommodation for four nights are all included as well. The total cost for the trip will be £435 which covers travel, insurance and entry to all mentioned sights.

I need to make a firm booking as soon as possible and therefore I would like reply slips returned by Friday 10 February 2017. A deposit of £50 will be required when your place has been confirmed. The remaining balance will be due by 23 June 2017, if you are paying by instalments. If you select this option on the reply slip further dates and details will be supplied. However, if you would like to pay for the trip in one instalment, please be advised payment will be due by Friday 5 May 2017.

Please make payments via your online payment account at www.scopay.com/rushcliffe. Please ensure you select the correct product in order for us to track the payments. Guidance is available on the school website at <http://www.rushcliffe.notts.sch.uk/index.php/parent-zone/online-payments>. If you have any further payment queries please contact the Finance team via finance@rushcliffe.notts.sch.uk.

In a change to previous years, information required to organise the trip will be collected electronically as well as on paper. In order to apply for a place on this trip, a survey must be completed online at the following address: www.goo.gl/forms/v0m3zkqS9T520IFd2. This survey will collect an up to date parental email address and mobile phone number as all letters for this trip will also be sent via email directly to parents.

Due to the popularity of the trip, it is often oversubscribed so selection, if necessary, will be done randomly. Please be aware that there are a number of students who do not get a place on the trip. There will be an information evening in September 2017 to give you further information and to enable you to ask any additional questions you may have.

I hope we will have an exciting and enjoyable trip.

Yours sincerely

Mr G Morris
Mathematics Teacher

Maths Trip to Paris Oct 2017 – Mr G Morris - Please return to the School Office

Name of Student: _____ Form: _____

I would like the above named student to go on the Year 8 visit to Paris from 7 to 11 October 2017.
