

Rushcliffe School

Year 9 Bright Futures

Learning Outcomes:

- To ensure students have the relevant information to support career decision making post 14 and longer term
- To identify strength in skills and qualities which support decision making for post 14 options choices and future career management

What you will need: **Access to a computer and access to UNIFROG**

To ensure that your son/daughter has information to make decisions, it is important they complete as many activities as possible. The school can monitor student usage of UNIFROG to evaluate the success of the day.

Planned Activities

Setting the scene: a PowerPoint assembly outlining the aims and objectives of the day from Mrs Desai

Post 16 options: a video created by 'Ideas 4 Careers' careers service with Katherine Jennick, who is our independent Careers Advisor, for pupils at Rushcliffe School

Tasks on UNIFROG which will include; personality profile quiz, interests profile quiz, logging activities such as community work, helping family or interests you have which show the essential skills you have demonstrated, adding your Skills Builder employability skills onto the competency tool, researching subjects and potential pathways this could lead to.

Additional activities

- Apprenticeships video
- Nottingham college video
- Confetti college video

Before the Bright Day, make sure your son/daughter has access to a computer, or laptop or a hand-held device such iPad/tablet

Please make sure they can access UNIFROG. Information on How to log onto UNIFROG for students and parents is attached.
